The Society of Construction Law Australia

invite you to an interactive panel discussion on

"Airport Infrastructure Projects - Key Legal, Commercial and Project Management Issues in Australia"

29 May 2018

As air passenger numbers and demands on airport infrastructure continue to grow, airports are increasingly seeking to expand and develop more efficient and effective ways of servicing their customers including by redeveloping and expanding their existing airport infrastructure. The redevelopment of airports raises a number of complex legal and commercial issues and challenges which must be carefully considered and understood by industry participants.

In the second seminar in our series on complex infrastructure projects, the Society is pleased to present an interactive panel discussion on 'Airport Infrastructure Projects - Key Legal, Commercial and Project Management Issues in Australia.' The Society has arranged for a number of prominent speakers to contribute to this event (in person at their location and via video conference for all other venues) and promises to be an informative and interesting discussion.

Confirmed speakers and topics are as follows:

Speaker	**Topic**
Andrew Leece (Melbourne), Partner Clayton Utz, Canberra	Canberra Airport Redevelopment – Key Legal Issues
Peter Rattray (Melbourne) White & Case	Privatisation of Airports – Trends and Key Legal Issues
Juliana Jorissen (Perth), Partner King & Wood Mallesons	Perth Airport Redevelopment – Key Legal Issues
David Thorpe (Brisbane), Director Thorpe Legal	Brisbane Airport Redevelopment – Key Legal Issues
